Let's You Review The Process In Depth

App Solution was designed to streamline the process for Life, LTC, and DI applications for Advisors and allow for them to focus on getting more business in the door

How it works

1. Advisor visits www.specificsolutions.com/appsolution to review training material
2. Advisor Completes the interview Request form
3. Advisor and client visits www.specificsolutions.com/appsolution to pick a time slot for the client to be interviewed
4. Once completed, the advisor submits the signed interview Request Form and illustration (that matches what the client is applying for) via email (AppSolution@specificsolutions.com), Direct Upload, Fax, or Mail.
5. Once we get confirmation of the client appointment, Specific Solutions obtains client's signature on the HIPAA Authorization (Via DocuSign)
6. Upon receiving the HIPPA, Specific Solutions will input data into our system (for faster processing once the signed application is sent back).
7. Specific Solutions will reach out to your client 2 business days before the interview to confirm the appointment.
8. Automatic reminders will be sent to your client via Text Message and Email 24 hours prior to the interview time.
9. Client is contacted by Specific Solutions on the specified date and time and completes the application.
10. Following the completion of the phone interview, Specific Solutions will review the completed application and order an exam. Specific Solutions will then email the application to the advisor for them to review and have the client sign (Via DocuSign when available). If DocuSign is being used, we will have you complete the agent report and any other missing information during the DocuSign signing process. For wet signatures, please complete the required signatures and any additional required information (i.e. Agents Report)
11. Once the advisor confirms all information has been completed and has obtained the client signatures, the advisor then sends the completed application to Specific Solutions via Mail, Email, Fax, or Direct Upload (If DocuSign is not available).
